He said he did not believe on this bishop
way of doing business.. He believed in
Lyman Wight's way to speak the word and the
fur flies.. He said the people came
from different parts to find the Kingdom
of God but could not find it, they could
find Brighams Kingdom, Heber's kingdom,
Orsons Kingdom &c., said they called on the
people to cut off Lyman Wight and Almon
Babbitt who held more power than they did,
ever did or ever will.. They usurp the authority,
get the people to believe they are the one's
to lead them &c.,, and they would do any
thing those men call upon them to do. Haws
said he was in Council about a week said

there was a council of fifty and a revelation said to them ye are my constitution,, said they had been to work a week and could not find a constitution,, the prophet was with them and no law of God only you should not infringe upon your neighbors rights and take nothing from him unlawfully. At the time of the conference he said speaking relative to his mission to the south,, he went to prove whether the prophet was a prophet of God or not, and whether the country was as he represented..

I took it he meant the prophet Joseph
Smith...

2nd witness Josiah Merritt said he boarded with brother Haws last winter two weeks,, said there was liquor sold in his house to the Indians for furs and ponies.. The business was generaly done by Alphear and

in the night tho' all the men of the house was generaly up at all hours of night..
