Pres Hyde asked if there was any other testimony to establish

the fact of Carters saying that covenant breakers should be

dammed. Joseph Kelly testified that on an early acquaintance

with Wm Carter & after he had obtained Cordelia Meakam

as they were going to a party Wm Carter introduced the

subject of sealing and stated that he had obtained favor in

in the eyes of the Lord & with his servants and that he had adopted

into his family a young and that he had been envied for it,

and how others had covenanted with him and had broken their

covenant, and they were cursed and would be till he redeemed

them &c. pres Hyde then arose and said he had been holding

an to see if there was not some one to testify to the fact of Carter

teaching of that principle for said he I had the evidence with=

in me that he (Carter) had taught these principles, he then

address himself to Carter and said,, Yesterday when you was at

my place Your plea was, that all you wanted was a fair

trial I disoressed then by the spirit that was in me that all

was not right with you, I then told you that I had under=

stood from several sources that you had been teaching

such principles, you denied it and said that you never

had I then asked you the 2nd time and you still denied it and

called upon God-- Angels-- and men to witness that you never had

taught any such principles and if you had you wished

that the just judgments of God might rest down upon you.

Pres Hyde can turned and said when demon did the truth of

Man by the authority of the Preisthood and he told him

a lie it was not an easy thing to be forgiven, and said he

I tell you now what you have got shall be taken from you

nevertheless you may be forgiven, he then called upon Carter

to make his acknowledgment,Carter asked him what ackn

nowledgment he wanted him to make, Well well said Pres Hyde

I want you to acknowledge that you told me a hair faced lie,

and what those witnesses have testified to is true, Carter

said that he had no recollection to answering Pres Hyde as

he had stated it, that Pres Hyde must be mistaken,

and that it must be in some other matter.
